ESTABLISHMENT OF 24x7 WOMEN HELP LINE & SECURITY SYSTEM

REFERENCE:

1. Guidelines regarding Women security given by Directorate of Technical Education , Chennai.
2. AICTE Women development policy
3. District Social welfare department cell's advise and instructions

OBJECTIVE:

Women's security guidelines involve a mix of legal frameworks (like anti-harassment/violence acts), personal safety practices (using safety apps, self-defense tools, situational awareness), community involvement (bystander training, education), and infrastructural improvements (lighting, safe transport, sanitation), focusing on empowerment, prevention, and robust response systems for a safer environment

Legal & Institutional Guidelines

- **Know Your Rights:** Familiarize yourself with laws like the Protection of Women from Domestic Violence Act (2005) or the Sexual Harassment at Workplace Act (2013).
- **Workplace Safety:** Employers must provide safe environments, proper sanitation, clear reporting mechanisms (Internal Committees for POSH), and secure transport, especially at night.
- **Emergency Contacts:** Know and utilize helplines like 112 (ERSS), 181 (National Women Helpline), and 1098 (Childline).

Personal Safety Practices (Daily Life)

- **Situational Awareness:** Stay alert, avoid distractions (headphones, phone use) in public, and trust your instincts.
- **Digital Security:** Be cautious about over sharing personal details, location, or home info on social media.
- **Home Safety:** Inform someone when you reach home, check your garbage for clues, and consider smart home security.
- **Carry Safety Tools:** Pepper spray, personal alarms, or self-defense keychains can be useful.
- **Travel Safely:** Share your ride's location, use verified transport, and opt for women-only services when available.

Principal

Community & Societal Actions (For Everyone)

- **Bystander Intervention:** Learn to safely intervene or report harassment/violence when you see it.
- **Education:** Promote consent, challenge gender stereotypes, and teach respectful behavior from a young age.
- **Supportive Infrastructure:** Advocate for well-lit streets, secure public spaces, and gender-sensitive urban planning.

Workplace & Education Settings

- **Safe Spaces:** Ensure well-lit areas, clean and separate restrooms, and reliable transport for students/staff.
- **Clear Policies:** Establish clear policies against harassment and provide accessible reporting channels.
